A confident Lighting Camerawoman with over 28 years extensive Broadcast Production experience in multi-camera studio operating, OB's, ENG and PSC work throughout the world. I am reliable and disciplined working as part of a team or on my own, fully capable of taking direction and directing shoots with sensitivity where needed. I can react quickly in difficult filming situations, whilst being fully aware of any potential dangers around.

1985 to Present:

ITN: ENG Camera Operator, covering news (both home and abroad), current affairs, sport, politics, documentaries, entertainment and features. My most well known work whilst at the company is the 7/7 bus bombing – I was the only broadcast camera at the scene, when the bus blew up in front of me. Mayor Boris Johnson on the zip wire – again the only broadcast camera at the scene. 2004 – 2012.

London News Network: ENG Camera Operator, covering news (both home and abroad), current affairs, sport, politics, features, documentaries, foreign travel programmes, live premiers and entertainment. 1996 – 2004.

Hillside Studios: Studio Camera Operator, PSC Lighting Operator on a range of programmes from drama, documentaries, pop shows, media training and children's television. 1987 – 1988.

Clarke Television: Studio Camera Operator for Channel 4's first breakfast programme, as well as shooting a variety of different programmes for TVS, ITV, BBC and many independent corporate and production companies. My role also involved studio lighting and PSC camera work. 1985 – 1987.
